Who's Uncle Bear, You Ask?

Bear was a fun-loving, good ol' boy, a cherished black lab mix, and man's best friend to founders Todd and Liz Carey — also affectionately called "Uncle Bear" by the Careys' three nieces. Back in the day, this playful pup could be found cruising the college campus of Texas Tech University, bodysurfing Doggie Beach in San Diego, skiing down snow-capped mountains in New Mexico, and relaxing in the Hot Springs of Arkansas before making his home in the Valley of the Sun. Today, Uncle Bear's has a place at the table for all walks of life, especially the four-legged, barking kind.
